

*Don't let this happen to you!*

### When Should I get my dryer vent cleaned?

- If the dryer takes more than 50 minutes to dry a full load of laundry.
- Clothes are smelling foul after drying.
- If the dryer gets hot to the touch on top.
- Water appears behind or beneath the dryer.
- There is a burning or gas smell.

### Why Should I get my dryer vent cleaned?

- Dryer fires are now a major cause of household fires in the USA over 15,000 a year.
- Quicker dryer times!
- Less wear on your appliance.

Houston, Texas 77095

**Dryer fires are now one of the leading causes of household fires!**

**Protect your home and family by calling us today!**

# 713-898-0882

**WEST HOUSTON DRYER VENT, LLC**

*Protecting our Neighbors one home at a Time!*

## Why Choose WHDV?

West Houston Dryer Vent LLC was created out of necessity in May, 2011. The owner needed assistance with their home and felt he could not find anyone honest. Being a veteran of the US Army and experienced in corporate he saw a need for a service company focusing just on dryer vent cleaning.

WHDV operates with their customer; we actually listen to what is the problem. What makes us different is **we fix the problem** instead of just cleaning the vent.

### **Our dryer takes forever just to dry one load of laundry!**

When the air flow is restricted the dryer cannot get rid of the moisture from the clothes. On newer dryers they have a sensor to detect restricted airflow and intentionally reduce the heat so that the appliance does not over heat.

---

*Great customer service, honest, and direct. I will recommend them to all my clients who need their dryer vent serviced!*

---

### **WHDV stands behind their products and services.**

- Six month unconditional warranty on dryer vent cleaning. (Meaning there are no call out charges!)
- 1 Year warranty on products and repairs.
- 125% Money back Guarantee

*[Type a caption for your photo]*

We specialize in solving problems when others have failed. Dryer vent systems in today's homes can be complex and run the length of the home. So maintaining a safe environment for your family is not always as simple as it appears.

### **We do more than just clean the dryer vent:**

- We offer rebuild and repair services.
- Transition vent replacement (dryer hoses).
- Booster fan cleaning, repairing, and installation.
- Pest removal from dryer vents and pest guard covers to ensure they cannot get back into the vent.
- Customers Relocation services; inspection of new home, installation of dryer, warranty of cleaning of previous home is transferable to new owners.
